

# FORGING PARTNERSHIPS

## Building NRM Service & Social Capital in the NSW Riverina District

### THE AIM:

The project will directly connect drought affected communities with NRM service providers, to sustain natural resource management and primary production through the current drought.

The project will act as a catalyst for systemic change in support & delivery of regional NRM information, and service providers, through a series of 4 workshops, in different locations across the Riverina district.

### PARTNERS:

Wakool Shire  
Murray CMA  
Sunraysia Institute of TAFE, Swan Hill  
National Centre for Sustainability  
Rural Lands Board  
NSW Department of Primary Industry

### COMMENCING:

The Minister for Climate Change, Environment and Water NSW granted the proposal on October 12<sup>th</sup> 2007.

The project will commence March 2008
